# Global Computer Components (GCC)

## Line card

**TD SYNNEX**
*Global Computing Components*

## Capture New Opportunities with GCC - Custom Hardware Solutions

Global Computing Components (GCC) is a business unit within TD SYNNEX dedicated to source the best computing components and help its partners develop custom hardware solutions at any scale.

We're an innovative partner for more than 30.000 customers across Europe, delivering everything necessary to get a hardware solution into production - from design and integration to deployment and technical support.

We enable our partners to benefit from customer demand for specialised hardware solutions through a complete ecosystem of products from best-in-class technology vendors, business programs, agility and global reach.

## Strategic Component and Platform Manufacturer Relationships

| CPU | HDD | Desktop MiniPC | OEM Server Systems | Storage Controllers | NAS |
|---|---|---|---|---|---|
| AMD<br>intel. | SEAGATE<br>TOSHIBA<br>Western Digital | ASUS<br>GIGABYTE<br>intel. | DELL<br>hp<br>Lenovo. | BROADCOM<br>intel.<br>nebulon | LACIE<br>QNAP<br>Synology<br>Western Digital |

| Motherboards & GPUs | Storage Systems | Memory | Networking | Server Systems & Barebones | SSD |
|---|---|---|---|---|---|
| AMD<br>ASUS<br>GIGABYTE<br>intel.<br>msi<br>NVIDIA.<br>PNY.<br>SUPERMICRO | aws<br>GIGABYTE<br>SEAGATE<br>silk<br>SUPERMICRO<br>Western Digital | crucial<br>— by Micron —<br>DATARAM<br>Kingston<br>SAMSUNG<br>SanDisk<br>Transcend | BROADCOM<br>CORNELIS NETWORKS<br>intel.<br>NVIDIA | GRAPHCORE<br>GIGABYTE<br>intel.<br>NVIDIA.<br>SUPERMICRO<br>QCT | crucial<br>— by Micron —<br>Kingston<br>KIOXIA<br>SAMSUNG<br>SanDisk<br>SEAGATE<br>SOLIDIGM.<br>Western Digital |

## Service Capabilities

| Design | Supply | Integrate | Deliver | Service |
|--------|--------|-----------|---------|---------|
| Engineering Support | Supply Chain Strategies | Custom Chassis, Bezel, Branding | Custom Packaging | On-site Service |
| Solution Architecture | Inventory/Forecast Management | Rack and HCI Solutions | Global Logistics | Technical Support |
| First Article/ Prototypes | Virtual Warehousing | Software Provisioning | Export Compliance | On-site Implementation |

### GCC - An end to end solution for technology resellers

Development → Deployment → Support

## GCC Optimised Solutions and Market Expertise

- AI & Deep Learning
- Broadcast Media & Entertainment Technology
- Bioscience/life Science
- CCTV Security & Surveillance
- Cloud Service Provision and Enterprise Computing

- Databases and Data Lakes
- Edge Computing
- Enterprise, Managed Hosting & Cloud Provide
- Financial Services Industry
- Gaming

- GPU Compute
- High Performance Computing
- Hyperconverged Infrastructure (HCI)
- Managed Service Provision
- Manufacturing

- NFV Infrastructure
- Software-defined Storage
- Telco
- Virtualisation (VDI)

## Qualified Hardware for Leading Software Providers

ceph   Microsoft   openstack.   Red Hat   vmware

## European Integration & Service Facilities

● **Value Add Centres**
Bor, Czech Republic
Magna Park, UK

● **Distribution Centres**
Aalst, Belgium
Alovera, Spain
Altishofen, Switzerland
Bor, Czech Republic (European hub)
Jordbro, Sweden
Magna Park, UK
Milan, Italy
Paris, France
Warsaw, Poland

**21 Country Sales Offices**    **9 Distribution Centres**    **120 Dedicated Sales In Touch eCommerce Platforms**
